June 2020 Stakeholder Focus Groups

Draft Invitation

Dear Friend of Public Education

As you know, the Commission to Study School Funding established last fall by the NH General Court has begun its work. The Commission description is attached for reference. The Commission has asked the Carsey School of Public Policy and its public engagement program NH Listens to support its research, policy analysis, and engagement goals. We are writing to on behalf of the Commission to seek your input in the initial phases of this important effort.

As a public school or community leader, you play a critical role in advancing high quality educational policies and practices in our state. As an elected or appointed school or municipal leader, you have direct knowledge of managing the fiscal and adequacy responsibilities required to assure our schools work for all our children. We want to hear from you about your experiences in both managing the resources available to our schools and delivering those resources to students.

We invite you to join us as a participant in one of 12 stakeholder focus groups to be held during the month of June. Each focus group will consist of a mix of 8-10 school and municipal leaders from across the state. The discussions will take 60-90 minutes. The results of all focus group discussions will inform the Commission as it shapes its recommendations in the coming months.

Please join us by registering HERE for one of the dates and times that works best for your schedule.

Let us know if you have any questions and thank you for all that you do for New Hampshire’s students.

Best wishes,

Bruce Mallory
Michele Holt-Shannon
