Chair's Comments

1:10pm Discussion

1. A review of themes from engagement activities (March to September 2020)
2. Review of the most recent youth discussion guide and outreach efforts – means for the Commission and partners to “pitch-in” to make sure we hear from students past and present
3. Review of questions for taxpayer association (10/1) and senior resident (10/6) focus groups
4. Meetings moving forward – Do we maintain our every other week WG meeting and then plan to observe Adequacy and Fiscal Policy with the following in mind:
 - a. Accessible means for sharing the Commission’s findings to the general public (taxpayers, students, educators, residents in general, etc)
 - b. Connecting AIR findings and potential recommendations that may emerge to public engagement – funding, local, and policy concerns
 - i. Clarify the differences between an input model and outcomes-based model
 - ii. Especially thinking ahead to our convening with Municipal and School Leaders
 - c. Connecting findings to: future workforce, higher education, competency-based learning
 - d. These? Or other concerns for public dissemination and understanding?
