

To the School Funding Commission,

Hi, my name is Sultan Aziz, and I go to a high school in Manchester.

I've been going to this school for 3 years, this is my last year. In Manchester if you look at other schools they are getting better and they have everything they have all kinds of things like many more.

When you look over school our school is getting old, super old, missing a bunch of things like we need new chairs, the teacher needs more things. Many of our students don't like our school because our school was old. I hope when I finish my school, then when the new student come they don't struggle like me I hope that they get more things.

We need help and we need funds.

Thank you,  
Sultan
